

Safety Harbor Public Library believes that libraries are for everyone and that everyone deserves safe, confidential, free access to library resources and services. Safety Harbor Public Library affirms its commitment to creating a diverse and inclusive environment in which all community members are considered, welcomed, and represented. This includes all people, regardless of race, color, ethnicity, ancestry, national origin, religion, age, sex, sexual orientation, gender identity or expression, marital and/or familial status, mental and/or physical impairment and/or disability, military status, economic status, political affiliation, or any of the other distinguishing characteristics that all too often divide people in society.
