MOVING SAFETY HARBOR FORWARD

Using the provided stickers, please provide your feedback on improving the pedestrian and bicycle network and existing facilities in Safety Harbor.

SH should be a true golf cart community.

20 is Plenty

PHASE 1: connect W/H/S

Consider City owned Properties

WITH PHILIP LINE

Where are existing RTBS

Let way stop Education on island with 20 get cars. Is this to be determined? Fit the one location in the City we're proposing but it's a bit confusing as to how we're going to place these in. I'd like to see a place on 4-way stop or 4-way stop.

Main St. should have separated bike lanes, or at least. Lots more bike parking

Think about destinations kids go to and how they get there
